Integrated Accessibility

Statement of Commitment

Lifemark is committed to ensuring equal access and participation for people with disabilities. We are dedicated to treating people with disabilities in a way that allows them to maintain their dignity and independence. We believe in integration and are committed to promptly meeting the needs of people with disabilities. We will do so by removing and preventing barriers to accessibility and meeting our accessibility requirements under the accessibility laws.

Scope

The scope of this policy includes our commitment to accessibility in our customer service and employment standards.

Lifemark is committed to providing inclusive customer service experiences for our clients and others seeking our services.

All workers are expected to comply with the spirit and intent of this policy when providing services to our community or otherwise representing or conducting business on behalf of Lifemark.

Employment Standard

Lifemark is committed to providing a welcoming, respectful, and inclusive environment to our workers and community members with disabilities. Our employment standard will incorporate regulatory requirements and best practices throughout the employment relationship.

Purpose

This policy aims to provide a framework through which Lifemark can meet the needs of people with disabilities following provincial and federal legislation.

Definitions

Lifemark has adopted the following definitions for key terms related to accessibility policies:

Accessibility

The term accessibility means giving people of all abilities opportunities to participate fully in everyday life. It describes how widely a service, product, device, or environment is available. Accessibility can be seen as accessing and benefiting from a system, service, product, or environment.

Barrier

Barriers are obstacles that limit access and prevent people with disabilities from fully participating in society. Most barriers are not intentional. Barriers usually arise because the needs of people with disabilities are not considered.

Disability

Ontario's accessibility law adopts the definition of a disability in the Ontario Human Rights Code. It defines disability broadly:

- Any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment,

deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or a wheelchair or other remedial appliance or device.

- A condition of mental impairment or a developmental disability.
- A learning disability or a dysfunction in one or more processes involved in understanding or using symbols or spoken language.
- A mental disorder.
- An injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.

Workers

Worker refers to any person Lifemark pays wages or salary, has control over their assigned work and has the right to control their work. This includes full-time, part-time, seasonal and contract workers. Interns are included in this policy.

Service Animal

An animal is a service animal for a person with a disability if:

- It is readily identifiable that the animal is used for reasons related to the person's disability (such as a guide dog or other animal wearing a vest or harness)
- The person with the service animal provides documentation from a regulated health professional confirming the need for the animal because of a disability.

See the [Service Animals Policy](#) for more details

Support Person

Support Persons are any person, whether a paid professional, volunteer, family member, or friend, who accompanies a person with a disability to help with communications, personal care, or medical needs while accessing goods or services.

See the [Support Persons Policy](#) for more details

Policy Statement – Customer Service Standard

	Policy Name: Accessibility
	Division: Accessibility
	Policy #: 13.1.0
	Policy Owner: Director, Quality & Corporate Compliance

Lifemark is committed to meeting its current and ongoing obligations under the Ontario Human Rights Code, respecting non-discrimination. Lifemark understands that the Accessibility for Ontarians with Disabilities Act, 2005 (AODA) and its accessibility standards do not substitute or limit its obligations under the Ontario Human Rights Code or to people with disabilities under any other law. Lifemark is committed to complying with the Ontario Human Rights Code and the AODA and excellently serving all customers, including people with disabilities. This means that we will provide goods and services to people with disabilities with high quality and timeliness.

Our accessible customer service policies are consistent with independence, dignity, integration, and equality of opportunity for people with disabilities.

Assistive Devices

People with disabilities may use their assistive devices when accessing our goods, services, or facilities.

In cases where the assistive device presents a significant and unavoidable health or safety concern or may not be permitted for other reasons, other measures will be used to ensure the person with a disability can access our goods, services, or facilities upon request.

We will ensure that our staff are trained and familiar with various assistive devices we have on-site or will provide devices that may be used by customers with disabilities while accessing our goods, services, or facilities.

Communications

We will communicate with people with disabilities in ways that consider their disability upon request. We will work with the person with a disability to determine what method of communication works for them, including communicating via email instead of the phone.

Service Animals

We welcome people with disabilities and their service animals. Service animals are allowed on the parts of our premises that are open to the public. If a service animal is excluded by law, we will suggest appropriate alternatives and ensure that the person can access, obtain, use, or benefit from our goods, services, or facilities where possible.

See the [Service Animals Policy](#) for more details

Support Persons

A person with a disability who is accompanied by a support person will be allowed to have that person accompany them on our premises.

See the [Support Persons Policy](#) for more details
